## INTERNATIONAL BOY

*" I want to give music lovers the best of what is done in the Urban and Afro world. Music is in constant evolution and I really want to leave my mark. So I've created my very own style that I like to call " the Remix Live Stage". The rhythms that I use for that are : AFROBEAT HIP-HOP / DEEP HOUSE RNB / KIZOMBA / NAIJA OLD SCHOOL / DANCE HALL  
Every mixes that I make are made with passion "*
